

## Join the Italian Job Charity Rally

### A FANTASTIC CORPORATE TEAM BUILDING OPPORTUNITY

The Italian Job Charity Rally is a team building experience like no other - a driving adventure enjoying some of Italy's most spectacular, picturesque and scenic routes, along which you will have ample time to stop and sample some truly delicious local cuisine. But all with a social purpose – to support vulnerable children in the UK.

When you enter a team, you will be welcomed into the Italian Job community. Together you will learn how to master navigational guides that will take you to unique, off the beaten path locations; try your hand at specially designed driving challenges; participate in specially arranged scavenger hunts, and drive on some of Europe's most famous race circuits.

Buttle UK and the Italian Job provided ArgoGlobal employees with a most memorable experience. It brought different areas of the business together with business partners from the insurance market, creating a perfect opportunity for team building with fantastic end results. We are still talking about it 3 years later. **Gina Halwani, Argo Global Charity Committee**

## AN ITALIAN ADVENTURE

The Italian Job is an all-inclusive driving adventure through some of the most spectacular scenery in Europe combined with a fundraising challenge in aid of children's charities.

To join the rally, your team just needs access to a Mini, new or old, or any classic car which featured in the Michael Caine film *The Italian Job*. The aim of this modern-day 'self-preservation society' is to raise money for children's charities in a fun way! The rally currently supports Buttle UK, supporting vulnerable children in communities local to our rally participants.

*I think that the one thing that I'd take from the Italian Job is the sense of community that we were welcomed into, with newcomers mixing well with and helped by the more experienced participants. Our clients really enjoyed the experience too, it isn't every day that they are invited to drive around Italy in a mini.*

**Paul Harris, ArgoGlobal Team Participant 2019**

**100% of funds  
donated go directly  
to supporting  
children and young  
people in your local  
area.**

## RAISING CRITICAL FUNDS FOR CHILDREN

**Buttle UK**, a charity dedicated to helping children and young people who are in crisis and poverty. What we do is incredibly simple. We provide basic essential items; things all children need, but some parents and carers cannot afford, like children's beds, cookers or washing machines - and it is life changing.

We also pay for things that can help a child have a better life in the longer term: therapy or counselling where there has been domestic abuse; a laptop to enable a homeless teenager to access their first college course. Our **Chances for Children** grants offer the space for a child to move towards change rather than a life in crisis.

Buttle UK can direct funds into any areas of the UK, and so this can be matched to offices or other company locations. Due to the legacy Buttle UK left by its founder, it is able to cover its own administration costs, so 100% of donation go directly to children and young people in need.

Registered Charity No. 313007 / Scotland – SC037997

## HIGHLIGHTS OF THE UPCOMING 2022 RALLY

Starting in Imola on 10<sup>th</sup> October and finishing in Turin on 20<sup>th</sup> October, you can expect to experience something memorable in each of the three very diverse regions we will be visiting in 2022.... Emilia Romagna, Tuscany and Piemonte. Highlights will include:

- A parade lap or two on Imola's F1 circuit.
- Exploring the winemaking region of Asti, famed also for its truffles.
- Visit to this quite remarkable ex-Royal hunting lodge in Stupinigi.
- Police escorted convoy through the streets of Turin
- Some of Italy's best kept culinary secrets... like 'Bistecca alla Fiorentina'
- Visit Modena, home to the temple of motorsport, the Ferrari factory and museum. And it's second famous son...balsamic vinegar!
- View Renaissance masterpieces that make Florence a mecca for lovers of art

*The Italian Job 2019 was a fabulous event, brilliantly organised. About 50 rally teams, all in one type of mini or another, scrambled, tussled and weaved their way through beautiful Italian countryside. Drivers were even privileged enough to have a few laps of the famous Imola race circuit. Another high point was a police escort tearing through the streets of Rome, Union Jacks flying out of opened car windows and horns blaring loud. It was a wonderful opportunity for drivers to build great camaraderie as they navigated their way through hilarious challenges and the roads of Europe; every day celebrated with fine Italian cuisine and lively evening conversation.*

***Jonathan Pool, ArgoGlobal Team Participant 2019***
