6. Application Questions

In this section, you tell us why your family or young person needs a grant. You will need to answer six questions:

1. In your role, what do you hope to achieve by working directly with the children or young person? (Answer - 300 characters maximum)
2. **When** and **what** was the crisis that has negatively impacted on the children or young person? Please give approximate dates and a short summary of what's happened. (Answer - 500 characters maximum)
3. What positive action has the family / young person been able to take to improve their situation since the crisis? (Answer - 500 characters maximum)
4. What other support is being provided or has been requested for the children / young person? This might be the support that you, your agency and other services are providing. (Answer - 500 characters maximum)

7. Grant Request

In this section, you tell us what the family or young person needs, and how much it costs.

Our grants should be holistic. We do not fund single item requests or applications requesting mainly household items. You need to ask for items in each category:

- Educational Needs
- Housing Needs

See [Buttle UK - guide to item prices](#) for what we will fund.
